

# Aging Well, PA Assessment Supervisor Orientation

**February 2024**

## Objective:

To share guidance and resources with new and experienced supervisors and familiarize them with the tasks and responsibilities of the role.

# Agenda

- About AWP: Our Core Values & Operating Principles
- AWP/AAA Agreements
  - Assessor Quality Assurance
  - Operational & Backup Plans
- AWP Website
- FED Basics for Supervisors
- PIA Basics for Supervisors
- Reports
  - Invoices
  - Quality Assurance/Self-Monitoring
- Desk Reviews
- Correctional Facility FEDS
- Assessment Staff & PIA Users
- Regional Conference Calls
- Role of the QCSS
- Contacts & Questions

## About Aging Well, PA

Aging Well, PA was created as a subsidiary of the Pennsylvania Association of Area Agencies on Aging, P4A, to act as an extension promoting and supporting work that advances the ability of older people to live well. Aging Well PA does this by facilitating, coordinating, and providing services that support the provision of community services and supports for older adults in the Commonwealth.

Our organization operates under a set of core values and principles.

## **Our Core Values:**

Integrity – We will do the right thing even when it's not convenient to do so, and we will do it with consistency in what we think, say, and do.

Collaboration – We believe that collaboration provides more opportunities for success, greater diversity in ideas, and a deeper commitment to reaching goals. We work with others, not against others.

Quality Service – We believe we are most successful when we meet or exceed our own expectations and those of others. We always bring the best we have to offer in every situation.

Effectiveness – We believe that performing in a productive and proficient manner results in superior outcomes. When what we do is helpful and/or useful to others, our efforts have been effective.

## Our Organizational Principles:

1. Think, speak and act from a positive place.
2. Recognize "we" is stronger than "I."
3. Know why you do what you do.
4. Be open to multiple possibilities.
5. Practice no-blame problem-solving.
6. Listen to understand.
7. Speak truthfully yet kindly.
8. Recognize, affirm, and support the good efforts and work of others.
9. Be clear about the expectation of continued improvement.
10. Ask for what you need.
11. Leave your ego at the door.
12. Keep commitments

\* A full narrative for each organizational principle is included on the Aging Well website. P4A/Aging Well staff highlights a different principle in their email signature every month!

## Getting Started:

As a supervisor, it is important to “know why we do what we do.” We highly encourage you to obtain a copy of your AAA’s Agreement with Aging Well, PA from your Director and read it.

Here are a few highlights of what is included in your AWP/AAA Agreement:

A Promise to Follow Laws, Rules, and Regulations	Operational Plans
HIPAA/Privacy & Confidentiality	Federal Language Requirements
Performance Standards	Participation in Quality & Compliance Activities
Timeframe Expectations	PIA Database
Assessor Training, ID Badges, & Clearances	Fees, Insurances, & Payment Provisions
CMS Assessor Qualifications	Record Retention

## Assessor Quality Assurance:

Aging Well, PA is required to ensure that assessors meet specific standards as outlined in its grant agreement with the Department of Human Services. Therefore, we conduct assessor quality assurance activities on an annual basis.

Each January, your QCSS will request the following documentation for a specific assessment staff sample:

- Minimum job qualifications approved by CMS (See Exhibit E in your AAA's agreement with AWP). Acceptable documentation includes copies of college transcripts, diplomas, licenses, HR approved resumes, Civil Service letters, etc.
- Criminal background checks within past 5 years.
- FBI clearances for employees who have been PA residents for less than two years.
- Child abuse clearances, if obtained (Not required unless working directly with children).
- Copies of ID badges that provide the employee and agency's name.

## Operational and Backup Plans:

As per the agreement with AWP, each AAA is required to have an Operational Plan.

- The contract language stipulates, “The agency must develop an operational plan that adequately addresses staffing issues that may arise and impact on the agency’s ability to maintain at minimum a 95% on-time completion rate for all assessments.”

Additionally, AWP requires each agency to have a Backup Plan to ensure coverage of all areas of responsibility related to the assessment process. AAAs must provide specific details on the Backup Plan Template to describe how they will cover the following topics:

- Assessor & supervisor tasks, appeals, desk reviews, invoices, training/certification, OBRA/PASRR, OU assignments, and other related duties.
- Primary and backup staff for each area of responsibility.
- Arrangements with neighboring AAAs for emergency backup coverage.

**All supervisors need to know their agency’s backup plan for handling unexpected staff turnover, leaves of absence, and vacations.**

**AWP is required by contract to maintain assessment timeframes. As subcontractors of AWP, each AAA shares in this responsibility.**

If you are the primary supervisor, please notify your QCSS of your backup for any extended period.

## **Operational and Backup Plans (Continued):**

Keep in mind that Operational and Backup Plans are fluid documents.

- Both should be updated annually at a minimum.
- Or revised as needed when staffing changes or restructuring occurs.

**Please email your QCSS a copy of your Operational and Backup Plans any time they are updated.**

## Safety Net

As previously mentioned, each AAA is responsible for ensuring AWP meets the assessment standards and timeframes outlined in our agreement with DHS. We need to maintain adequate assessor coverage in all areas of the state.

When unexpected staffing issues occur, we must be prepared to handle situations involving staff turnover, leaves of absences, vacations, pandemics, and emergency closures.

AWP maintains a list of AAAs willing to help neighboring AAAs with assessment-related duties.

**If your agency anticipates needing help from another AAA, please reach out to AWP before the situation becomes a crisis resulting in late assessments. Your QCSS will assist you with activating the safety net.**

## Aging Well, PA Website:

For your convenience, AWP posts guidance, FED & PIA resources, and multiple materials such as cheat sheets, flowcharts, quick reference guides, forms, and templates on our website for your review and download.

The AWP website can be accessed at [www.agingwellpa.org](http://www.agingwellpa.org).

- Click on AWP Resources for AAAs
- Do not enter a username
- Enter the password: AWPFED2019
- Under the category (FED, PIA, or Additional Resources), click on the listed resource to open it.

All assessment staff should be provided access to the website. The most common questions or issues are addressed in the posted resources. We respectfully ask assessment staff to check the website for information before emailing their QCSS.

**The resources on our website are intended for AAA/AWP use only and are not available to the public.**

# FED Basics: The FED Matrix

Assessment supervisors need to know which FED item scores result in an NFCE determination. The FED Matrix is the roadmap for understanding how the FED translator determines the outcome.

The Matrix is available for download on the AWP website.

**ATTACHMENT B- FED TOOL TRANSLATION MATRIX**

	A	B	C	D	E	F	G	H
	<ul style="list-style-type: none"> <li>• B.1. Cognitive Skills for Daily Decision Making</li> </ul>	<ul style="list-style-type: none"> <li>• B.2.a Short-Term Memory</li> <li>• B.2.b. 1		A score of 1 on one or more bullets = PARTIAL DEFICIT	A score of 1 or 2 on one or more bullets = PARTIAL DEFICIT					
2	A score of 2 to 4 = PARTIAL DEFICIT			A score of 2 or 3 on one or more bullets = PARTIAL DEFICIT		A score of 2 = PARTIAL DEFICIT		
3	A score of 5 = FULL DEFICIT				A score of 3 to 6 on any two bullets = PARTIAL DEFICIT	A score of 3 = FULL DEFICIT		
4					A score of 3 to 6 on three or more bullets = FULL DEFICIT			A score of 4 or 5 = FULL DEFICIT
5							A score of 3 or 6 = PARTIAL DEFICIT	
6								

■ = Little or no deficit  
■ = Score not available for the attribute(s)

**ANY THREE PARTIAL DEFICITS = NFCE**                      **ANY FULL DEFICIT = NFCE**

# FED Basics: FED Flowchart

Supervisors must also be familiar with the FED Flowchart if an assessor has concerns regarding how to score ADL questions on a FED. The flowchart describes how to rate specific functional performance measures accurately.

The FED Flowchart is available for download on the AWP website.

## FED Basics: Sharing FED Results with Applicants

When internet connectivity exists, the FED results are immediately available after completing the assessment. When this occurs, the assessor may verbally share the results of the FED. They may not, however, share a copy of the completed FED. **A copy of the FED is only available to applicants who appeal their final determination.**

When verbally sharing the results with an applicant, it is essential to state that the determination generated by the FED is only one item that establishes clinical eligibility. For consistency across the Commonwealth, a uniform message must be provided when sharing FED results. The following script should be used.

“Today’s FED assessment result is only one step in reaching a final eligibility determination for long-term care supports and services. When a final determination is made, you will receive written notification and instructions on how to appeal the final result if you disagree with it.”

## FED Basics: Sharing FED Results (Continued)

### ACT 150 Recertifications

If your agency receives a FED request from a service coordinator for an ACT 150 participant's annual reassessment, you must complete the FED as requested.

You should also share a copy of the FED and the Assessment Results with the service coordinator. Generally, AWP does not provide copies of the FED, but this is an exception.

OLTL permitted us to share the FED with ACT 150 service coordinators because the assessment is needed for care planning.

## **FED Basics: Medical Director Reviews**

As indicated in OLTL Bulletin IEB-19-04, IAE-19-04,07-19-04:

The FED outcome is only one part of the clinical eligibility process. A physician must also certify NFCE determinations. When the certification submitted by the individual's physician or the assessor's opinion differs from the outcome of the FED process, a Department physician will review all available documentation to make the final determination.

Essentially, an MDR request is submitted when:

- An MA-51 or MA-570 (PC) does not match the FED result for a Nursing Facility, Personal Care Home, or Dom Care FED.
- When a FED result is NFI for waiver recertification, and the MA-570 (PC) disagrees.
- When a FED Assessor disagrees with the FED result for ACT 150 Recertifications, PCH, Dom Care, or Nursing Facility cases.

**Please see our website's detailed guidance related to the Medical Director Review process.**

## FED Basics: Medical Director Reviews

An MA-51 must be uploaded into the individual's profile before requesting an MDR.

MA-51s attached in PIA for Medical Director Review purposes:

- Must be valid and completed correctly (Signed by MD, DO, or OS; Include physician's license number, filled out entirely, etc.)
- If it states, "See List," the attached documentation must include the medication list or referenced item.
- The first MA-51 uploaded should be labeled as "unsigned by AAA." After the MDR is done, sign the MA-51 and upload it as "signed by AAA." Keep both copies in PIA.
- If the MA-51 is incomplete or contains inaccurate information, you will receive a follow-up email from AWP requesting corrections.

MDRs can be requested by emailing AWP's resource account at [AAARRequests@agingwellpa.org](mailto:AAARRequests@agingwellpa.org).

## FED Basics: Withdrawing IEB FED Requests

The IEB Encryption box address, [IEB-PAEncryptionBox@maximus.com](mailto:IEB-PAEncryptionBox@maximus.com), is used when a FED requested by the IEB needs withdrawn. (For example, when you receive a new FED request from the IEB, and there is already a valid NF FED in PIA that can be released).

After the IEB withdraws a FED request, the AAA needs to open the FED and hit the “Withdraw” button on their end to remove it from Pending/In-Progress status.

Please do not email the **IEB Encryption box** for edits, general questions, or to request a consumer transfer to another AAA.

Any demographic edits for a PIA record created by the IEB or the Bulk Import, should be sent to your QCSS.

## FED Basics: Contacting the IEB

The following email address should be used when you require additional demographics from the IEB, such as an address or phone number, or have questions related to a specific referral.

[PAIEBStakeholderInquiries@maximus.com](mailto:PAIEBStakeholderInquiries@maximus.com)

If you are still waiting to receive a response from the IEB Stakeholder account within 24 hours, please forward your QCSS a copy of the email. Your QCSS will follow up with the IEB on your behalf.

## FED Basics: PIA Data Edits & Merges

If corrections are needed to consumer demographics (or placement county) in a profile created by the IEB or bulk import, and you cannot make edits, please send the requested changes to your QCSS.

PIA ID	County	Initials in PIA	Correction required	Document used as verification

If you find duplicate profiles in PIA for the same consumer, please provide your QCSS with the following information:

Merge Request	County	1st PIA ID #	2 <sup>nd</sup> PIA ID #	PIA ID FED completed	Date
Initials					

## FED Basics: Appeals Process

The AAA Role in Appeals Training is available on the AWP LMS for all new and experienced assessment staff.

Here is an high-end overview of what a supervisor should know about the appeals process:

- The AAA's role during the appeal hearing is to be the subject matter expert (SME) to explain how the FED is administered, how it is scored, and the three-day look back.
  - SMEs may provide a copy of the FED to the consumer if appealing.
  - AAA's should not attempt to be problem-solvers when the IEB, Attorneys, or consumers ask for help resolving cases on the appeal.
  - The AAA is permitted to offer suggestions only if specifically asked by the ALJ.

## FED Basics: Appeals Process (Continued)

- If the ALJ asks whether a reassessment would be an appropriate option, the SME may answer truthfully as they see fit.
- If the SME is being pressured for a reassessment by other involved parties, they may indicate they are participating in the appeal as a SME, and their role is to explain how the FED is administered and scored.
- SMEs should be prepared to provide hard copies of the FED, any PIA attachments, and the FED Matrix. The matrix is an essential part of explaining the appeal process.
- If a pre-hearing conference is held without the ALJ present and enough new information is provided to warrant a new FED, the AAA can agree to reassess the individual, if appropriate. Without further information, the AAA does not have to agree to a new FED.

Ultimately, AWP does not want AAAs offering to do new assessments without being asked due to further information being provided.

## FED Basics: Appeals Process (Continued)

- Please ensure your AAA always has a SME ready to attend all requested appeal hearings, even expedited ones. It is essential to designate a backup SME to participate in appeals if a primary staff is unexpectedly absent (This should be included in your agency's Backup Plan).
- AWP understands that some AAAs are experiencing issues regarding appeal notifications, such as the AAA wasn't notified of the appeal or was notified at the last minute. We ask that you document specific appeal-related concerns and email them to your QCSS.
- It is helpful for AWP to provide OLTL with case-specific information when issues occur. Please include the PIA ID number, an explanation of the problem, if it was resolved, and other pertinent information. (AWP does not expect or need to be notified every time there is an appeal.)

AWP maintains and provides the IEB with a list of appeal contact persons for each AAA. To ensure timely appeal notifications: please alert your QCSS when your contact persons change.

## PIA Basics: PIA Roles & Tabs

The roles assigned to assessment staff in PIA determine their access to information and tabs in the system.

The three roles available to AAA staff are Supervisor, Assessor, and Admin OU.

The Tabs associated with each role in PIA are:

- Supervisor- Home, People, Assignments, My List, Alerts, and Reports
- Assessor- Home, People, My Lists, and Alerts
- Admin OU- Home and Alerts

\*Email your QCSS if staff needs role changes.

## PIA Basics: Organizational Unit Assignments

### Tips for Transferring an Individual to Another AAA in PIA

Here is how OU transfers for individuals between AAAs should be handled:

- FIRST, unassign the individual from the assessor in PIA.
- Transfer the individual to the other AAA. The path to follow in PIA is:
  - Care Management → Organizational Unit → Create New → Enter OU and Effective Date → Submit.
- Open the PIA Transfer Contact List directly from the AWP Website and click on the AAA's name. Hyperlinks have been added to the list. By clicking on the AAA name, a new email will appear addressed to all of the recipients of the AAA. If a link is not working or contains an incorrect email, please notify AWP. **It is essential that you tell your QCSS if your designated contacts change.**
- After changing the OU, promptly email the receiving AAA to notify them of the transfer. If you do not receive a response, follow up with a phone call.

## PIA Basics: Organizational Unit Assignments

To request access to an individual's profile with no active AAA OU listed:

- Email your request along with the individual's initials and PIA ID to AWP's resource account at [AAARquests@agingwellpa.org](mailto:AAARquests@agingwellpa.org).
- If you do not receive a response within 2 – 3 hours, email your QCSS.

SSN#	Current Medicaid #	MCI ID	Assigned OU	Primary Phone #
***_*-0000	****0000			

When an active AAA OU is not assigned, no AAA name will appear in the search results for the person. You may see an MCO assigned, but the AAA name will be missing.

# PIA Basics: Reports

At a minimum, it is imperative to run reports in PIA a few times per week to ensure all IEB referrals are received, assessments are submitted or withdrawn, inappropriate late excuses are identified and addressed, and invoices are completed accurately.

The essential reports to run are:

- Applicant Applied or FED Completion Report
- FED and PASRR Completion Report
- Desk Review Detail Report
- The Excuse Reports

Specific details for each report will be provided on the following slides. Using the reports for self-monitoring will also be covered.

As you move through the report slides, keep in mind the following:

- The *Summary* Reports pull the data based on the *Completion Date*.
- The *Detail* Reports pull from the *Referral Date*.
- Reports can be downloaded into Excel to allow you to manipulate and save the data.
- Reports Quick Reference Guides are available on our website.

## PIA Basics: Reports

### Applicant Applied or FED Completion Report

This report shows the number of IEB referrals sent to your AAA each day. To account for all FED referrals, you should run this report and compare it to your unassigned list. (Not all IEB FED referrals are unassigned. Please do not rely only on one method to check for IEB referrals).

We highly encourage you to backdate the report several days to a week due to occasional interface delays between the IEB's data system and PIA.

\* See the IEB Referrals Quick Reference Guide on the AWP Website for more details.

# PIA Basics: Reports

## FED and PASRR Completion Report

In **Summary** format, this report shows:

- A breakdown of both FED and PASRR Total Requested Assessments.
- The Total Completed.
- Total Allow Excuses.
- Total FEDs Completed within 10 Business Days, and what PIA shows as the percentage completed within ten business days. *This calculation should be done manually. See Reports Quick Reference Guide on the AWP website.*
- Total PASRRs Completed within 5 Business Days, and what PIA shows as the percentage completed within five business days. *This calculation should be done manually. See Reports Quick Reference Guide on the AWP website.*

When this report is expanded to **Detail** Format:

- It breaks down the information to include the applicant's PIA ID with dates, status, and program type. The detailed report helps monitor the status of FEDs and PASRRs to ensure they have been submitted or withdrawn. **It also shows if your AAA released all HCBS FEDs to the IEB.**
- Unlike FEDs, the questions on the PASRR are not answered in PIA. Assessors only enter information for tracking and payment purposes. Please remind staff to hit the “Submit” button after entering the tracking data. PASRRs will show as pending and not be calculated into the agency’s total until submitted.

# PIA Basics: Reports

## Desk Review Report

The **Summary** report shows the total number of Desk Reviews In Progress, Withdrawn, Completed within 10 Business Days, and Completed Late. The PIA IDs are available when the Desk Review report is expanded to show the details or the **Detail** report is run from the menu. Regularly running this report, weekly at a minimum, will help ensure you have submitted or withdrawn all desk reviews and none are left in progress.

### Caution!!!

\*If a medical director review was requested for a priority desk review, it may not appear in your summary report totals. Therefore, AWP no longer recommends using the desk review summary report to complete your monthly invoice. Follow the invoice instructions provided in later slides instead.

\*Running the desk review report is not meant to replace checking for desk review alerts. Alerts should be checked several times throughout the week. Managing and reviewing desk review alerts are also covered in later slides.

# PIA Basics: Reports

## FED and PASRR Excuse Summary Reports

### FED Excuse Report

- This report shows all late excuse reasons for FEDs. It can be expanded to display detailed information for each consumer with a late FED submission.

### PASRR Excuse Report

- This report shows all late excuse reasons for PASRRs. It can be expanded to offer detailed information for each consumer with a late PASRR submission.

The Excuse Reports allow you to monitor your staff's use of late excuses easily and identify trends.

# PIA Basics: Reports

## Excuses/Late Assessments

PIA offers several choices to explain why an assessment might be completed outside the required timeframe.

When using “**Other**,” assessors must include a substantive comment to explain why the assessment was overdue. “**Other**” should not be selected if the late reason fits one of the already available responses.

If the assessment was submitted late due to a PIA interface delay or glitch, the assessor should select “**Other**” and type in **PIA Error**. OLTL excludes these from AWP’s timeliness/performance measures.

Keep in mind that Assessor Unavailable Within Required Timeframe, Assessor Cancellation, or any IT issue are unacceptable since agencies must have backup plans.

### Over Due Reason \*

- Inaccurate contact information given at time of referral
- Participant/participant family member requests a delay
- Emergency declaration by government entity
- Assessor unavailable within required timeframe
- Assessor cancellation
- Other

# PIA Basics: Reports

## Monthly Invoices – FED and PASRR

The FED and PASRR Completion **Summary** Report shows the total number of FED and PASRR assessments completed within the specified dates.

Open the FED and PASRR Completion **Summary** Report.

- Enter the start date of the month
- Enter the end date of the month
- Hit the View Report button
- Use the figures in the **Total Completed** columns for your invoice.

In this example, the AAA completed 67 FEDs and 2 PASRRs during the selected dates.

FED					PASRR				
Total Requested Assessments	Total Completed	Total Allow Excuses	Total Completed in 10 Business Days	Completed in 10 Business Days %	Total Requested Assessments	Total Completed	Total Allowed Excuses	Total Completed in 5 Business Days	Completed in 5 Business Days %
<a href="#">74</a>	<a href="#">67</a>	<a href="#">0</a>	<a href="#">66</a>	95.65%	<a href="#">3</a>	<a href="#">2</a>	<a href="#">0</a>	<a href="#">2</a>	66.67%
74	67	0	66	95.65%	3	2	0	2	66.67%

The totals columns contain a hyperlink. When clicked, it will expand to include details such as the person's name, PIA ID, requested date, due date, completion/withdrawn date, status, and late excuses.

# PIA Basics: Reports

## Monthly Invoices – Desk Reviews

For invoice purposes, please use the Desk Review **Detail** Report and filter it according to the instructions below. This will ensure that all desk reviews completed by your AAA are captured.

Open the Desk Review Detail Report.

- Backdate the report by a few months. For example, if you are doing your invoice for May, use the dates 3/1/2023 to 5/31/2023.
- Export the report to Excel. 
- Open the Excel report and filter these two columns.
  - Under **Completion/Withdraw Date**, select May.
  - Under **Status**, select the boxes that state MDR Completed, MDR Requested, and Submitted. Exclude any that were Withdrawn. Hit Ok.
- Now look at the bottom left corner of your report to find the number of desk reviews to include on your invoice. In this example, the total would be 514.

\*See Desk Review Detail Report Quick Reference Guide on the AWP website for detailed instructions.

# PIA Basics: Reports

## Monthly Invoices (Continued)

Monthly invoices must be submitted using AWP's Invoice Template and signed electronically by any authorized representative of your AAA. If your AAA completed any appeals during the month, the Appeal Tracking Sheet must accompany your invoice.

Invoices are due to AWP no later than the 5<sup>th</sup> business day of the following month and should be emailed to [fedbilling@agingwellpa.org](mailto:fedbilling@agingwellpa.org). Be sure to copy your QCSS on the email.

If there are discrepancies between the invoice and PIA report numbers, you must explain and include the PIA IDs (duplicates, errors, etc.)

**Your QCSS will make the final determination when approving your invoice for payment.**

# PIA Basics: Reports

## Quality Assurance/Self-Monitoring

It is imperative for supervisors to regularly use the reports in PIA to perform self-monitoring activities and diagnose areas where improvements may be needed. A few benefits of self-monitoring include the following:

- Maintaining FED integrity and Operational Performance Standards (the monthly OPS report AWP sends to OLTL).
- Ensuring timeframes are met for FED and PASRR completion.
- Identifying issues and addressing trends or patterns.
- Aiding in contingency planning.
- Identifying assessor skill or training gaps.

A Reports Quick Reference Guide is available on the Aging Well website to supplement this information.

The following slides provide a list of reports and a description of how each report can be used for self-monitoring:

# PIA Basics: Reports

## Quality Assurance/Self-Monitoring (Continued)

Applicant Applied or FED Completion Summary is used to:

- Monitor the status of IEB referrals and direct from community referrals.
- Calculate the number of FEDs completed by your AAA.

See IEB Referrals Quick Reference Guide on the Aging Well website.

FED and PASRR Completion Detail Report is used to:

- Monitor the status of pending, in progress, withdrawn, and completed FEDs and PASRRs.
- Calculate the number of PASRRs completed by your AAA.

# PIA Basics: Reports

## Quality Assurance/Self-Monitoring (Continued)

### FED Excuse Detail Report

- Used to monitor late FEDs and ensure allowable late reasons are used.

### PASRR Excuse Detail Report

- Used to monitor when and why PASRRs are being recorded as late.

The Excuse Reports provide an opportunity to discuss with your assessors the reasons why FEDs and PASRRs are not being completed on time.

# PIA Basics: Reports

## Quality Assurance/Self-Monitoring (Continued)

Aging Well shared the QCSS team’s template to review and measure the OPS FED standards. We encourage you to use the same template to self-monitor your assessors’ performance with meeting the standards. If you do not have a copy of the template shown below, please get in touch with your QCSS.

A	B	C	D	E	F	G	H	I	J	K	L	M	N	O	P	Q	R	S
Last Name	First Name	PIA ID#	Date Reviewed	FED Completed Yes or No	Assigned OU	Name of Assessor	Referral Source IEB or AAA	Correct Reference Date Yes or No	First Assessment used more than once?	Memory/Recall Ability #4 If yes are notes entered Yes or No	Outcome	If assessor disagreed with FED, is there a comment? Yes or No	If "assessor unavailable" excuse is used, QCSS followed up with the AAA.	Compliant Yes or No	Comments/Describe Issue	IEB Alert	Primary Remediation Action Taken	Remediation Completion Date

The items reviewed on the OPS for compliance include: For quality assurance purposes, you must also ensure the following:

- Reference Date
- First Assessment
- Memory/Recall Cognition Question #4 Comment
- Disagree Comment
- Late Excuses/Timeframes
- The IEB was alerted of all initial enrollment FEDs with the program type HCBS.
- Assessors are not using the “LIFE Program” or “Personal Care” program types.

# PIA Basics: Reports

## Quality Assurance/Self-Monitoring Remediation

After conducting self-monitoring activities, please remember to email your QCSS your list of errors. The supervisor or assessor should attach a brief note of correction to the profile to explain the error and the remediation action taken.

If a FED with an error or non-compliance is pulled for the monthly OLTL OPS report sample and AWP confirms that your AAA already identified and addressed it through self-monitoring, AWP can exclude it from the report. This helps improve your agency and AWP's overall compliance with FED standards.

# Desk Reviews

**It is essential for supervisors to have a strong understanding of the desk review criteria and process.**

As a part of the redetermination of clinical eligibility for individuals receiving long-term supports & services through CHC, desk reviews must be done every year. They must also be done when an individual's level of care changes from NFCE to NFI.

Desk reviews are completed by comparing two sets of FED data in PIA.

For your reference, multiple desk review job aides are posted on the AWP website, such as the Desk Review Training, Flow Chart, Cheat Sheet, Priority Desk Review Template, Quick Reference Guides, Practice Scenarios, and more.

If you have questions regarding the desk review criteria or process, please get in touch with your QCSS for additional assistance. The AWP Team is here to support you and is willing to meet with you individually!

## Desk Review: Alerts

Desk Review Alerts must be carefully managed and reviewed to ensure none are missed. How you choose to manage your AAA's alerts is an agency decision. We recommend using whichever process works best for you.

- The **Desk Review Alert Process** (pdf) on the AWP website outlines some best practices and suggestions for handling alert notifications.

We highly encourage you to export your agency's alerts to an Excel document. Exporting to Excel allows you to manipulate and save the data. We've created a quick reference for exporting alerts, too!

- Please see the **Desk Review Alert – Exporting to Excel Quick Reference** (pdf) on our AWP website for detailed instructions.

## Correctional Facility FEDs

Individuals in need of long-term care who are released from prison often face unique challenges and obstacles, such as locating housing options or nursing homes. OLTL has asked for Aging Well’s assistance with identifying incarcerated individuals applying for either HCBS or nursing facility placements upon release.

If you receive a FED request from a correctional institution for an HCBS or nursing facility applicant, please complete the **Template for AAA Correctional Institution FED Assessment Spreadsheet** and email it to your QCSS immediately following the submission of the FED in PIA.

A	B	C	D	E	F	G	H	I	J

\* Please get in touch with your QCSS for a copy of the Correctional Institution FED Template if needed.

# Assessment Staff & PIA Users

## New Hire Process & LMS Access

When you have a new assessor to train, please email your QCSS to obtain a copy of the New Hire Checklist and the Management Directive Form, and gain access to AWP's Learning Management System for your staff. The AWP LMS site is <https://agingwellpa.litmos.com>.

Your QCSS will need the following information to create your staff's AWP LMS account:

- Full Name
- Email Address

After your QCSS creates the account:

- Staff will receive an email invitation with the link to the LMS. Instruct staff to open the link immediately. It will expire within 24 hours. The LMS operates best when using the Google Chrome browser.
- When logging in, their user name is their email address.
- They will be prompted to create a password upon their first login.

It is important to note that the AWP LMS differs from the PDA LMS.

# Assessment Staff & PIA Users

## New Hire Checklist

All new assessors must complete each entry on the first portion of the new hire checklist before being granted access to PIA to conduct FEDs. Please make sure every area is completed.

Items to be Completed Prior to Administering a FED				
Date Completed	Item	Assessor Initials	Supervisor Initials	Location
	FED Training in Aging Well LMS			AWPA LMS
	PIA Training in Aging Well LMS			AWPA LMS
	Demonstrate Proficiency in PIA			Supervisor
	Demonstrate Proficiency using the FED			Supervisor
	DPW Management Directive Signed			QCSS
	Basic Interviewing Skills for Assessors			AWPA LMS
	Confidentiality Training			AWPA LMS

# Assessment Staff & PIA Users

## New Hire Checklist

Demonstrating the ability to navigate PIA and complete a FED should be done in the **PIA Sandbox** and **NOT** in the live PIA database.

The PIA Sandbox can be accessed at <https://pa-assessment-uat-ss0.eltss.org>.

- Username: training
- Password: Train12345

Detailed instructions for logging into the Sandbox for the first time are available from your QCSS.

Items to be Completed Prior to Administering a FED				
Date Completed	Item	Assessor Initials	Supervisor Initials	Location
	FED Training in Aging Well LMS			AWPA LMS
	PIA Training in Aging Well LMS			AWPA LMS
	Demonstrate Proficiency in PIA			Supervisor
	Demonstrate Proficiency using the FED			Supervisor
	DPW Management Directive Signed			QCSS
	Basic Interviewing Skills for Assessors			AWPA LMS
	Confidentiality Training			AWPA LMS

# Assessment Staff & PIA Users

## New Hire Checklist: Requesting PIA Access

You QCSS will need the following before PIA access can be granted:

- A copy of the New Hire Checklist with the top section initialed by both the assessor and supervisor. This serves as confirmation that the assessor has met the initial certification requirements.
- A signed copy of the Management Directive Form- Enclosure 3 Page.
- The access role(s) staff needs (Assessor or Supervisor).
- If applicable, any existing b-accounts staff currently uses to access other Commonwealth databases.

# Assessment Staff & PIA Users

## New Hire Checklist

After completing the items required to obtain access to PIA and administer a FED, new assessors then have six months to complete the 2<sup>nd</sup> half of the training on the checklist. A copy of the signed checklist should be emailed to your QCSS upon completing all training requirements.

Here is how to access the September 2018 PASRR Tool Form Webinar:

- Go to: <https://www.dhs.pa.gov/providers/Providers/Pages/PASRR-Process.aspx> and scroll to resources. It has the PASRR resources, training handouts, and the webinar link.
- YouTube of the recorded webinar - <https://www.youtube.com/watch?v=SusAiTz5sF0&feature=youtu.be>

Items to be Completed in First 6 Months				
Date Completed	Item	Assessor Initials	Supervisor Initials	Location
	September 2018 PASRR Tool Form Webinar			DHS Website
	AAA Role in Appeals			AWPA LMS
	Commonalities & Differences Between Aging and Disability			AWPA LMS
	Community HealthChoices Overview			AWPA LMS
	Eligibility & Enrollment			AWPA LMS
	Medical Terminology			AWPA LMS
	Person- Centered Principles			AWPA LMS
	Mandatory Reporting OAPS & APS			AWPA LMS
	Gender Selection in the FED			AWPA LMS

# Assessment Staff & PIA Users

## PIA Access

After your new assessor receives a b-account, you may need to show them how to enter PIA for the first time or share AWP's Accessing Live PIA Instructions. If unable to log in, instruct the assessor to call the Helpdesk at 1-800-281-5340 for a temporary password.

PIA users are highly encouraged to set up their security questions under the Self-Service section for business partners on the Keystone Key page. This will allow them to change their password easily in the future.

If role changes are needed later due to staff promotion or different duties, contact your QCSS. Your QCSS will verify that staff completed the appropriate training before allowing other PIA access.

## Assessment Staff & PIA Users

It is important to note:

All primary and backup assessors must fully complete the New Hire Checklist requirements. This includes all supervisors who may need to submit a FED on behalf of an assessor who is suddenly out or having IT issues.

*Not all assessment staff need to become certified.*

A staff's role in PIA determines their training requirements. For instance, staff members doing Intake/I&R, Administrative, or Fiscal tasks only need to complete the PIA modules relevant to their roles and responsibilities in PIA. Clerical staff doing only desk reviews also do not need to be certified.

## Assessment Staff & PIA Users

### Recertification

All assessors and supervisors with the potential to touch a FED in PIA (both primary and backup) must complete three additional courses in the AWP LMS Ongoing Professional Development Learning Path each year by their annual due date to maintain their certification.

AWP realizes some assessors completed more than three courses in the LMS, and others completed them all in the previous year. If this situation applies, please ensure staff repeat three courses as a refresher. This will reset the completion dates in the LMS to the current year and allow AWP to verify that the recertification requirements were met.

Staff who do not complete three courses by their due date month risk being deactivated in the PIA system.

## Assessment Staff & PIA Users

### Recertification

At the beginning of the year, your QCSS will provide you with a list of active PIA users for verification. The list will include the assessors' annual recertification due dates. It is the supervisor's responsibility to track their assessment staff's recertification dates.

Assessors need to email their QCSS to have their AWP LMS accounts reactivated during the month of their due date. If your QCSS is unavailable, you may email your backup QCSS for assistance.

\* All LMS accounts with no activity are deactivated after 30 days.

## Assessment Staff & PIA Users

### Deactivating Staff

When staff leave employment or transfer to a different department and no longer need access to PIA:

- Email your QCSS the name of the staff.
- Inform your QCSS whether or not the staff needs to be deactivated in the BP-ID Manager (meaning they will no longer be accessing any Commonwealth databases).
- Unassign the staff from all consumers in the PIA Assignments Tab before requesting deactivation. If you do not, OLTL will not be able to deactivate them from all systems.

**Please do not attempt to deactivate staff in PIA if you have the OU Admin role. Your QCSS and OLTL will handle everything!**

## Assessment Staff & PIA Users

### Common IT Issues

If you or your staff experience an IT issue, please refer to the Common IT Issues document posted on the Aging Well website under the AWP Resources for AAAs tab. The document explains how to troubleshoot and resolve the most common PIA IT issues.

If you cannot self-resolve the problem after reviewing the Common IT Issues document, then reach out to your QCSS for further assistance

Helpful Hint: PIA passwords cannot contain a real word or a year.

## Assessment Staff & PIA Users

### PIA Navigation Manual

FEI Systems published a PIA Navigation Manual to provide detailed steps to complete all processes associated with the PIA system. The guide is organized by primary topic areas that follow workflows.

The Manual can be easily downloaded from the PIA Home Page for quick reference.

The screenshot shows a navigation menu with the following items:

- Announcements** (Expand All)
- Welcome to Pennsylvania Individualized Assessments System!
- Recent Alerts
- Recent System Updates
- Upcoming Events
- Technical Support
- Training Manuals, Webinars, Forms, and FAQs
  - PA Navigation Manual**
    - [PA Navigation Manual.pdf](#)
  - Download & Upload Offline Forms Job Aid**
    - [Download & Upload Offline Forms Job Aid.pdf](#)

A blue arrow points to the [PA Navigation Manual.pdf](#) link.

## Regional Conference Calls

The QCSS team facilitates monthly regional conference calls.

- Representation from each AAA is required on the calls.
- The AAA representative is responsible for sharing all updates and information with their assessment unit.
- Keep in mind that not all AWP updates are shared in writing. Therefore, your AAA's participation in the regional conference calls is essential.

Your QCSS will share the TEAMS invite and agenda before the scheduled meetings. You are encouraged to send any specific questions or requested agenda topics to your QCSS in advance.

If you cannot participate, please ensure you have a representative on the call or contact your QCSS to be added to another QCSS regional call invite that week.

## AWP Contacts & Questions

One of the primary roles of your Regional AWP QCSS is to provide **SUPPORT** to the AAAs.

The Aging Well team respectfully asks that you contact AWP **FIRST** if you seek clarification or have questions regarding the FED.

Aging Well is the assessment entity contracted with OLTL and is responsible for providing all oversight and clarification to the AAAs.

Emailing OLTL, PDA, the IEB, or others organizations first and copying us on the email is not an acceptable process. Please do not go above AWP staff. This type of reaction to changes or concerns does not serve us well or support our goal of being seen as reliable, capable, and outcome-oriented.

**All assessment related questions or larger systemic issues should be brought to AWP or P4A first. Please do not contact the IEB, PDA or OLTL. They will direct you back to AWP.**
